

# Application for Team Financial Scholarship

*The Walk to Emmaus is designed for each team member to cover their own expenses. It is one of many acts of sacrifice, dedication, and Agape love that a team member commits. Most find that such service builds humility and brings unanticipated blessings.*

*Expenses for a 3 day, 14 meal event with 35 to 60 people can be staggering and it would be a tremendous burden to raise funds to cover all participants. The exception is made for Pilgrims who are required to pay only a deposit (which tends to cement their commitment to participation.) Sponsors pay the balance of a Pilgrim's Fee as an act of Agape and a very early expression of God's Grace pouring over the Pilgrim in a new way.*

*It is recognized that the expense of teaming may be prohibitive for some individuals. You may find that is your situation. Through the generosity of some individuals in the community we are able to offer a few scholarships each year of **up to 50%** to those who need assistance. The request for scholarship will be considered by the Emmaus board and those granted will be dependent upon the number of scholarship requests for each walk and individual amount being requested. Eligibility per team member is once every two years.*

*If you need such financial support, complete the form below and provide it to the current Weekend Lay Director, the Emmaus Community Registrar, or the Emmaus Community Treasurer. This must be done **prior to or at the first team meeting** that you would participate in. You would be wise to submit it earlier as scholarship funds are very limited and may not be available to you.*
